

My Backyard Jungle Journal

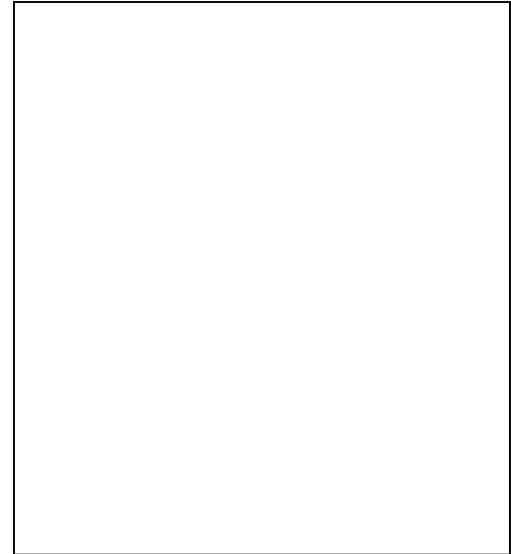

Directions: Show your friends and the entire world what nature is growing in your backyard! Look for the plants, animals, and other creatures. Write down important information about them, and then come back and put it on Backyard Jungle!

1. Discovery Name

2. What's the story behind your discovery?

(For example, is it a plant or animal? Does it fly? What color is it? What size? What's the temperature outside? Where did you find it?)

Draw your discovery here or take a picture!

3. Now answer these questions about your discovery. Circle one of each:

- Real or Imaginary
- Wild or Domestic
- Native or Exotic
- Resident or Migrant

4. Circle the time of day.

early morning - late morning - noon - early afternoon - late afternoon
early evening - late evening - night

5. Circle the kind of weather.

bright sun - sunny - cloudy - light shower - rainy - heavy rain - stormy
light snow - heavy snow - snowstorm

Now go to Backyard Jungle, submit your Discoveries, get votes, and tell others!
