10 ENGINEERING CHALLENGES FOR 9- TO 12-YEAR-OLDS

DESIGN SQUAD: INSPIRING A NEW GENERATION OF ENGINEERS
Design Squad gets kids and teens thinking like engineers and shows them that engineering is fun, creative, exciting, and something they can do themselves.

The Television Series
Competition plus engineering plus fun!
Two teams of high school kids use their problem-solving skills to design, construct, and test engineering projects.

The Outreach Campaign
Through events, trainings, and activity guides, it's easy to deliver activities to places where kids and teens can be found: in afterschool programs, schools, museums, and even the local mall. Become a part of it!

The Web Site
Get cast information, descriptions of the show's engineering challenges, games, an e-zine, and video clips. Try it out at pbskids.org/designsquad/engineers.

The Outreach Partners
Design Squad is building a community committed to fostering a positive image of engineering. For a current list of partners and to join this growing community, visit the Design Squad Web site at pbskids.org/designsquad/engineers.
